

Employee

```
classDiagram
    class Employee {
        +shared
        +acceptHireRequest()
        +viewRentalData()
    }
    class shared {
    }
    class acceptHireRequest {
    }
    class viewRentalData {
    }
```

The diagram shows a class named 'Employee' with a dashed border. Inside, there is a solid-bordered box containing three elements: a text label 'shared' on the left, and two light blue rectangular boxes on the right. The first blue box is labeled 'acceptHireRequest' and the second is labeled 'viewRentalData'.

shared
