

DatabaseCheckRepository.
DeleteVehicleManager

```
graph LR; A[DatabaseCheckRepository.  
DeleteVehicleManager] --> B[DatabaseCheckRepository.  
HandleDelete]; A --> C[DatabaseCheckRepository.  
MinimumVehicleManagers];
```

The diagram illustrates a call from the `DeleteVehicleManager` method of the `DatabaseCheckRepository` class to two other methods within the same class: `HandleDelete` and `MinimumVehicleManagers`. The source box is shaded gray, while the target boxes are white.

DatabaseCheckRepository.
HandleDelete

DatabaseCheckRepository.
MinimumVehicleManagers
